

The Bay Area Regional Energy Network (BayREN) implements effective energy saving programs on a regional level and draws on the expertise, experience, and proven track record of Bay Area local governments to develop and administer successful climate, resource, and sustainability programs. BayREN is a collaboration of the 9 counties that make up the San Francisco Bay Area.

### Single Family

BayREN sunsetted the Home Upgrade Program (HUP) and the Advanced Home Upgrade Assessment incentive (AHUAL) in December 2018. A total of \$3,722,350 incentives were paid through the Home Upgrade program to 1,643 residents in 2018. These home upgrades resulted in energy savings of 503,228 kwh and 162,693 therms. An average incentive of \$300 was paid to 406 homeowners through AHUAL.

BayREN introduced the new Home+ Program in January 2019. 1,331 individual project applications were received in Q1, 2019. A total of \$165,200 in incentives were paid out starting March 2019 to 396 applications.

### Codes & Standards

The Codes and Standards program provides local governments with Title 24, Part 6 compliance improvement tools and services, specialized classroom training sessions, policy development support, including reach codes, and Zero Net Energy-related technical assistance. This program also engages and coordinates with other programs and entities to support the State's ambitious energy policy goals.
